Valentine's Day is one of those days very few of us look forward to. But then there are those, like Aubrey Banks, that believe in it whole heartedly. Aubrey was reluctant to be on camera at first, but with a bit of coaxing she turned from a cute love doll into a real freak. Maybe it was because of the chocolates we plied her with. Or maybe it was the sight of the big cock she was about to fuck.

THE SUMMER OF COMPLETION

Camp Kirby had changed in two years. Getting out of my car, I walked onto the nearly deserted main grounds and looked around in wonderment. How could the place look so unfamiliar? I had started as a camper here and worked my way up to counselor. I had been one of “Uncle Bud’s” favorites. The director had been terribly disappointed when, after my first summer as a counselor, I declined to return.

But my mind was made up, even though I couldn’t explain it to my folks. How could I? How could I tell them about... about... what had happened? Geez, I couldn’t even say it to myself—how on earth could I tell them?

I certainly would have preferred to have been at camp rather than studying.

The following spring, Uncle Bud called again, pleading with me to reconsider. “Gee, I’m losing all my best girls,” he moaned. “Shawna and Allison and Evy aren’t coming back this year either.” I had experienced my first serious love—past tense, now—and my first lover. Maybe that would prove that I was normal. But who was I trying to prove it to? Evy wasn’t here anymore.

I continued crossing the campus toward the main building, surveying all the changes. The bunks had been fresh-

Something had happened. . . or almost happened. . . between the two of them that had sent Marianne running, running away from Evy, running to prove she was really “normal.” But now...

ly painted and were now a cheery yellow. The arts and crafts building had a new wing added. The boathouse, down at the lake, had a new porch on the side. It was on the old porch that I had asked Evy if—just hypothetically, just wondering—she thought it was a sin for a girl to kiss another girl. And she had answered, “I never thought about it.” And stood even closer to me and put her hand on my arm, then pulled it away very fast.

It was behind the curtains of the old stage that our lips had met, Evy’s mouth pressing hard against mine for a moment. I checked in at the main building. Uncle Bud was there. He kissed me effusively, welcoming me back. “Orientation’s at 4 in the rec hall—did you see the new building?” I assured him I had. “You’re in Bunk 6, with the eight-year-olds. You’ve got two hours. Why don’t

you go settle in? Your trunk arrived safely. It’s at the foot of your bed. You can unpack—or just rest up. Oh, and I’ve got a surprise for you.”

“Yes?” I asked, expectantly.

“You’ll see.” His eyes twinkled, but he wasn’t giving any clues. I supposed I’d have to wait till the meeting to find out what it was. But I was wrong. I found out the minute I walked in the door of the bunk and came face to face with my co-counselor.

Evy was back, and we were in the same bunk.

“Marianne!” She looked as if she was just as startled to see me as I was to see her. I froze, standing stock still in the doorway. “Marianne, I—I—I’m glad to see you again.”

She took the first step. Walking over to where I was, she said, “May I?” then sat down next to me. “I—I’ve thought of you. Often,” she said. “I missed you last summer.”

I looked up at her. Her face seemed to be getting nearer to mine. Or was it just that everything else was fuzzy? My vision was swimming, my head buzzing. Her breathing sounded ragged, and I could see how tense her body was. And then our lips met.

Her touch was soft, her taste unbearably sweet. One hand rose to my

shoulder, touching me lightly, then suddenly gripping me tightly. "Oh, Mari-
anne!" Her voice was strangely choked
with emotion. Then, apparently decid-
ing actions spoke more strongly than
words, she abandoned her floundering
speech and gripped me full-on with
both hands on my arms and pulled me
to her in a fierce kiss that seared my lips
and surprised me with its intensity.

Our upper bodies met, and her
firm, petite boobs pressed strongly
against my own boobs, her rigid nip-
ples drilling an indentation into my
soft breasts. My nipples similarly jutted
into her pliant breast-flesh, and a flush
spread through my body that began in
my boobs, traveled to my pussy, and
then fanned out throughout my body.

Throwing caution to the winds, we
yanked off our clothes and tumbled
back onto my bed together.

Her mouth enveloped my boob and
began to suck and greedily swallow at
it, while her tongue flicked around the
distended nipple and tormented the
rigid point into total attention. Her fin-
gertips tenderly stroked my shoulder,
then worked their way down, till at last
she was at my hip. There she seemed to
suddenly grow shy, afraid to go farther.

"Don't stop!" I implored her, the
voice seeming to come from someone
else, wrenched from me with no volition
of my own.

"I've only done this once before."

As her fingers trailed determinedly
to my pussybush, I grew suddenly self-
conscious of how wet I was, my pussy-

nectar drenching my tendrils as well as
the slit they forested. I moved a hand to
stop her, then hesitated.

I shivered at the feel of her fingers
touching my come-button. I did want
her. Oh! I wanted her so badly! I was
a pool of want, a mass of exposed
nerves, a dry forest long without rain
into which a careless person had just
tossed a match. Boom! I was going up
in flames.

Evy's finger slowly moved on my
clit. She circled the promontory teas-
ingly, her finger maddeningly slow
in its progress, tormenting me rather
than helping me. "Faster!" I groaned.
"Faster!"

"We have an hour till orientation."
Her finger slid deliberately off-center
and toyed with the pool of slush in the
groove of my pussy.

"Faster! What if someone comes
and sees us?" My voice was hoarse and
ragged with want.

"No one will catch us. You for-
get this bunk is at the end of the line.
And we'll hear if someone is outside."
Her thumb found my clit and pressed
lightly on it. Ahhh. She was back on
target. But she still moved slowly, still
tormented me.

"What do you want me to do to
you?" I stroked her thigh as I asked. I
wasn't interested in reciprocating just
to play fair; I thought that if I got her
hot, she might move faster on me.

"Whatever you want," she an-
swered with a twinkle. "Use your imag-
ination." Her thumb began stroking

my honeyed clit faster, while her other
hand swirled rapidly around my throbb-
ing nipple.

Hesitantly yet eagerly I inched
up her firm thigh till my fingers were
caught in the tangle of her lush pu-
bes. Those hairs were just as soaked
with her rain of fluids as mine were.
Evy wanted me too! The realization
hit home and emboldened me, and I
hurried to burrow into the folds of her
pussy, seeking out her fat, swollen clit
and moving quickly on it.

I used a motion I occasionally use
on myself for variety. Instead of zip-
ping back and forth across the very tip,
I grasped her elongated clit, her sweet
little organ of pleasure, between my
thumb and middle finger, then moved
my fingers upward till they slid off her
clit. Repeating the motion over and
over, I tantalized her and teased her till
she couldn't take any more. "Rub it!"
she gasped, breathless in her urgent
need.

I chuckled, feeling powerful to hear
her beg me, and did even better than
what she had asked. Taking a deep
breath, I squirmed around and buried
my face between her thighs.

Now Evy really gasped. "Ohmi-
god!" she squealed as my lips kissed her
labes and my fingers parted them to al-
low me direct access to her clit. "Oh-
god!" she groaned as my tongue darted
out and made eager contact with her
throbbing clit. "Ohhh!" as I began
dragging my excited tongue across the
landscape of her clit, through her slit,

tasting her slush, reveling in the spicy tang, flicking against the inner labes, glorying in knowing her female parts intimately.

She left my clit alone completely then, but I no longer cared. I feasted on pussy, lapped her clit, got my mouth drenched with her syrup, and so thoroughly enjoyed what I was doing that I could almost ignore the throbbing demands of my still-unsatisfied pussy.

But at last I grew so hot that, without even realizing what I was doing, I parked my pussy over her leg and began to shamelessly hump it like a male dog riding a visitor seated on a couch.

"Oh, I want you so badly!" I mumbled thickly, pulling my face up from her pussy to speak.

"You've got me," Evy pointed out with a chuckle. "Now, what are you going to do with me?"

"This," I said, driving my tongue as far up her churning pussy-tunnel as I could while diddling her clit with my thumb. Then I started moving my thumb as fast as I could across her blood-engorged clit. My thumb wouldn't take no for an answer. And my tongue continued searching up inside her pussy-tunnel, slurping up the sluicing fluids as quickly as they cascaded down from above, from inside, from the depths of Evy's feminine core.

And as I did I mercilessly humped my frantic pelvis against her leg-bone, driving hard toward the biggest climax of any I'd had in my life. Bigger than the orgasm of my deflowering. Bigger

than the wildest orgasm any vibrator had ever given me. Bigger than anything I had ever experienced in all my years of being sexually awake. It was about to hit me like the grandmother of all tsunamis.

But Evy's hit hers first. With the ferocity of a wild tigress, she threw her pelvis madly into the air and screeched out a strangled cry of need as the first wave hit. I felt her pussy shudder under my tongue's touch, felt the contractions ripple along the walls of her steaming canal. Then the strongest wave enveloped her, and she stiffened totally, her body curved up into the air like an archer's bow. She quivered. She shook. And then she relaxed just as I geared up to come. And it hit me, with all the force of a wrecking ball, and I humped down against her leg.

My pussy nectar was streaming onto her leg, my juices squishing in that little area between my pussy and her leg, and she was sitting up, and she was putting her arms around me, and she was gentling me through the fury of my climax, and she was loving me and telling me it had felt so good, so good, and she hoped that mine was just half, even a tenth as good as hers had felt.

And Evy's hands were on my back, and then around me, and comforting me, and loving me, and warming me, and holding me in the afterglow. And I was lying, my face still muffled in Evy's muff, my spent pussy now motionless atop Evy's leg, breathless and heaving with the effort to catch my breath, to-

tally satisfied and utterly at peace.

We drifted off to sleep still cuddled together, although in a better position. I had crawled up till my face was next to Evy's, and our lips were still touching lightly as we fell into the arms of a well-deserved slumber. We woke up at quarter-to-four, and Evy said, "The meeting's going to start soon. We'd better get dressed."

"Are you sure we don't have time for another?" I still couldn't voice my needs, still couldn't form the words, but it didn't matter anymore. We had done it. We had lived it. We were lovers. We were a couple. Putting it into words would come to me later. There was no urgency. We had all summer. . . .

Which was exactly the thought Evy expressed right then. "We have all summer," she said. "We'll have nights off together. We'll have other times, too. We'll have each other."

We walked across the campus to the orientation meeting. The newly applied yellow paint gleamed from the bunks. The newly built rec hall awaited us. The new theater building looked welcoming. But the biggest change was in me.

I would have other boyfriends besides my recent lover, I knew. Guys would never cease to be an important part of my life. But neither would other girls. Evy had taught me that. And now. . . two years later, but better late than never. . . I had Evy. And I had myself, and the true recognition of what I was—a bisexual and finally comfortable with it. Ahhhhhh!

TWO CANDLES BURNING

**No guy had ever
kissed her like that.**

**Certainly no other
girl had!**

**And this was her own
very best friend**

She kissed me.

It wasn't a quick peck on the cheek, either. It was a deep, penetrating kiss that seemed to last forever and was over before I wanted it to be.

"See," Lori said as she pulled her face away from mine. I could see a smidgen of my lipstick on her top lip, a stark contrast to her own. "That's how a guy should kiss."

I felt flushed and light-headed. I touched at my hair, pushing imaginary strays back into place.

"If I ever met a guy who could kiss like that, I would fall in love instantly," Lori continued.

I took a deep breath and let it out slowly.

Lori asked, "You okay?"

"Yes," I lied. I stood suddenly and turned away from her so she couldn't see the blush that I felt warming my cheeks. I headed toward the kitchen. "I'm getting another soda. You want one?"

"Sure," she said.

In the kitchen, I leaned against the sink and took several deep breaths, letting each one out as slowly as possible. I needed to still my fluttering heart. I'd never been kissed like that before—not even by a guy and certainly not by another girl.

We'd just been sitting on the couch together, talking about all the bad dates we'd had, when Lori had taken my face in her hands and kissed me. I was too surprised to pull away, and then I hadn't wanted to pull away.

"You get lost in there?" Lori called.

I opened the refrigerator and found two diet sodas. I returned to the living room and handed one to Lori, then settled into one of the chairs opposite the couch.

"So, anyway," Lori said, "I was telling you about...."

The words never reached me. Even though she'd been my best friend for years, and even though we'd shared dressing rooms in more than one department store, I don't think I'd ever really looked at Lori. She wore faded jeans and an oversized red flannel shirt that de-emphasized her ample breasts, narrow waist, and generous hips. Her raven black hair flowed in loose curls to her shoulders, and every few minutes she used her slim fingers to brush it away from her eyes.

As she talked, I noticed the way she used her hands to punctuate each sentence, and how she leaned forward when she wanted to make a particularly important point. Mostly I was fascinated by that speck of my lipstick on her upper lip, and my gaze kept returning to it.

Lori reached over and touched my knee. I felt an electrical shock course through my leg, tingling the very essence of my womanhood. "Still with me?"

"Umm-hmm," I said. I had no idea what she'd been talking about.

"So what do you think?" she asked. When I didn't respond, she prompted, "Tomorrow night? The movies? Just you and me?"

"Sure," I told her. "That would be great."

"It's a date, then," Lori said as she stood to go. I

walked her to the door and just before she stepped onto the porch, Lori gathered me into her arms and gave me a big hug. Our breasts mashed together, and I felt my nipples respond.

After Lori finally left, I took a long, cold shower, but it wasn't enough. Even as I stood in the tub toweleling myself dry, I remembered the kiss and the way my knees had gone rubbery and my breath had escaped me. I closed my eyes and remembered how her hands had felt as they held my head, how her tongue had felt inside my mouth, how my nipples had tightened with desire.

I felt myself grow wet, my pussy lubricating with anticipation. I dropped the towel, and with my eyes still closed, I ran my hands over my own modest breasts, cupping them in my hands and feeling my turgid nipples straining against my palms. I took each nipple between thumb and forefinger and rolled them back and forth.

I moaned softly, feeling the warm air escape my lips, and I knew I couldn't stop myself as my hand trailed lower, over the slight roundness of my belly and then through my sparse blonde pubic hair. I parted my swollen labia and slipped my index finger inside my crease,

Water sprayed everywhere.

I didn't care.

About half an hour later I had just pulled on my sweatshirt and jeans and was straightening my hair when Lori rang the doorbell.

"Can I come in?" she asked when I pulled the door open. I stepped aside, letting her brush past me.

I looked deep into her eyes, noticing the tiny mote at the bottom of her left eye, the dark spot surrounded by emerald green. I took a deep breath and slowly let it out. I'd never been with another woman before; I'd never even wanted to be with another woman, but at that moment I wanted Lori.

She took one of my hands in hers. "I was thinking about earlier," she said. Her voice was a little deeper, a little huskier than usual.

"I was too," I said. I licked my lips with the tip of my tongue.

I led her to the bedroom, lit a pair of vanilla-scented candles, then turned down the comforter and sheet. When I turned around, Lori stood in the doorway.

She looked at me, at the candles, at the bed, and then back at me. She stepped forward and took me into her arms. Her lips covered mine, and I tasted her lipstick.

I closed my eyes and let the kiss take me away. It was long, and deep, and penetrating, just like the first kiss a few hours earlier. Our tongues met in a passionate dance, and then our hands began to find and release buttons, zippers, clasps. Our clothes fell away, and then our hands searched one another's body, each curve so achingly familiar yet so very different from our own.

My breasts fit in the palms of Lori's hands, quarter-sized areolas constricting as my nipples stiffened with desire. Lori's milky-white breasts sagged under their own weight, with tiny stretch marks radiating out from her pale pink areolas. Her nipples were as fat as my pinky finger, and I stroked them lightly with the balls of my thumbs.

My slim hips and tight butt contrasted with Lori's generous hips, and while my figure is far from unfeminine, hers more closely resembles the classic hourglass. While my pubic mound is sparsely covered by pale blonde hair, hers is a thatch of tightly curled black hair.

We had all the same parts in all the same places, and yet our fingers never hesitated to explore. We stood together for a long time—kissing, touching, fondling, caressing—and then we stepped over to the bed and slipped between the cool sheets. They were crisp and clean and

quickly finding the swollen bud of my clitoris. I teased it with the tip of my finger, using the circular motion that I always found more erotic than simple stroking.

I felt the blood rushing from my head, and my knees felt weak. I reached up and unhooked the shower massager; then I reached down and turned the water back on, warm this time. I used the water to warm my entire body; then I directed the pulsing stream at my clit as I held my labia wide open.

My hips began to move forward and back, and I knew I would be unable to restrain myself.

A moment later I came, my entire body shaking with orgasm, and I had to bite my lower lip to keep from screaming out.

My legs turned to rubber. I dropped the shower massager and grabbed the towel bar to keep from falling.

felt silky-smooth against my skin.

I lay on my back, and Lori poised over me, her heavy breasts hanging down on my chest. She kissed me again and continued kissing me. Her lips trailed from my lips to the line of my jaw, from there to my breasts, taking each nipple in turn into her mouth and suckling gently.

She had one hand between my thighs, cupping my pubic mound. She stroked one finger along my swollen labia, and I felt myself become slick with desire.

I parted my legs, and Lori slipped one finger inside me, past the swollen outer lips, past the slick inner lips, and then quickly finding the elusive g-spot. I spread my legs wider still.

Lori's lips trailed over my abdomen and then lower still, until I could feel her hot breath tickle my pubic hair. She pulled her hand away from my pubic mound and replaced it with her mouth. She slipped her tongue between my pussy-lips and teased the swollen bud of my clit with just the tip.

As she did that, Lori adjusted her position, swinging one leg over me so that her thighs were on each side of my head and her pussy was inches from my face. The thick outer lips had parted slightly, and I could see the wine-dark inner lips peeking out. I could smell the musky scent of her desire, and it turned me on.

I reached up and used my fingers to separate her labia, and then I buried my face in Lori, tasting the essence of her womanliness as I buried my tongue deep inside her.

We licked, and stroked, and nibbled, doing to each other all of the things we had always wanted done to us. I could feel Lori's love juice trickle down my chin as I lapped at her quivering pussy, and I could feel her saliva trickle from my pussy along the crack of my butt to soak the sheet beneath me.

I was the first to come. My hips began bucking up and down, thrusting my pubic mound hard against Lori's face as she tongued me to orgasm. My entire body spasmed, and I screamed with pleasure when the

orgasm tore through me, the sound muffled by Lori's thighs and the mouthful of her muff.

When Lori came a minute later, she came hard, forcing her pubic mound against my face and nearly smothering me as she tightened her thighs around my head.

When Lori finally relaxed and rolled off me, we were both struggling to catch our breath. She turned around, and we lay entwined in one another's arms. I was on my back, and she was on her side, one heavy breast mashed against my arm, the other resting on top of my chest. She had one leg thrown over me, and I could feel her damp pubic hair against my hip.

The room smelled of our coupling mixed with the vanilla of the scented candles, and it was a good smell. I breathed deep. Then I turned my head and kissed her. I tasted myself on her lips, and I'm sure she could taste herself on mine. We kissed again.

These were softer, slower kisses, more lip than tongue, and they seemed to last forever. As we kissed, Lori's fingertips drew random designs on my skin, finally trailing between my thighs again,

and I opened myself to her touch.

I reached out for her, to touch her the same way, and she pushed my hand away.

"I want to watch you," she whispered as she slipped a finger into my still-slick pussy. She began stroking my clit, and it swelled with desire. I reached down to her hand and urged her finger into a circular motion. I smiled as she adjusted her technique.

I moved my hips with her and against her, the circular motion drawing me closer and closer to my second orgasm. Lori watched my face, gazing deeply into my eyes as the moment grew closer and closer.

My eyelids fluttered, and then I couldn't keep my eyes open any longer, and I came. The moment seemed to last forever, and when I opened my eyes again, my best friend was still there, still examining my face, and her hand was still between my thighs.

"You're beautiful when you come," Lori said.

She leaned down and kissed each of my eyelids.

We lay together for a long time after that, finally slipping into dreamland.

When I awoke the next morning, I was alone in the bed. Lori's clothes were gone, and mine had been picked up from the floor, folded, and placed in the white wicker rocker by the dresser. The candles had burned themselves out sometime during the night.

Even though we're still close friends and we still spend a lot of time together, Lori and I never spoke about that night. Perhaps we were just two candles that burned bright for one night and could never be lit again.

"I used to just lay there on my back and let the guy do his thing. I think I gave a pretty good blow job, but now that I think back, it was probably more mechanical than sensual. While I enjoyed it, I came to learn there was so much more. Now I think I'm a pretty good fuck, but I can't wait to get even better, and that takes practice."

VERONICA

Let's make believe this is not a dream, but your dream girl Veronica Radke is manifesting herself in your morning bed. What would you do if she started crawling up the mattress to steal a kiss and woke you up only to find that your cock was already rock hard? Well that would have to wait until you ate her out, and only then would she satisfy your morning wood!
